

DIPADA Ltd. since its beginning in 1998 has been continually developing and affirming its position in our very competitive market place. Our success is the result of a loyal customer base who appreciates our quality products and responsive customer service.

Our company is located in Tiszaújváros, Hungary which is conveniently in the centre of Hungarian plastic primary production. Most of our customers are involved in the plastic industry but we also have many partners from other areas of industry. Our company has made an excellent reputation by offering solid customer service and extremely competitive pricing in our product line.

Our product line targets any area of industry with:

- bearings and bearing accessories (NTN, IKO, ROLLWAY, HFB, ROLLON)
- simmerings
- V-belts, Synchronous belts
- chains, sprocket-wheels

In addition we stress these products:

- industrial blades (LUTZ)
- heavy duty cutters, safety cutters, deburring tools and scissors (OLFA)
- clearing- and polishing paste used in the plastic industry

We can also supply imported spare parts, if requested.

Thank you for visiting our website and please feel free to contact us if we can answer any questions or assist you in any way.
